

How to Join an AIAC Committee

STEP 1

Are you a member?

Participation in our technical committees is exclusive to AIAC members and partners. All AIAC members are encouraged to join our committees.

STEP 2

Determine which committee(s) to join

Each committee offers unique opportunities depending on your interest and subject matter expertise.

STEP 3

Contact AIAC

Unsure of which committee you should join, or to learn more about participating in our committees, AIAC's dedicated member services team is happy to help.

STEP 4

Start participating

Once you have been approved to participate in one or more AIAC committees, you will receive a copy of the committee schedule and are welcome to start joining meetings, and contribute to committee discussions and work.
