

Earl Maynard

Senior Strategic Advisor, Canadian Centre for Cyber Security (CCCS)

Earl Maynard is a Senior Strategic Advisor at the Canadian Centre for Cyber Security, where he leads regional engagement efforts in British Columbia. With over a decade of experience in the federal government, Earl is focused on strengthening Canada's cybersecurity ecosystem through strategic partnerships with critical infrastructure, industry, academia, and all levels of government. Prior to his work in cybersecurity, Earl held advisory roles in national security and public policy, and he remains active in advancing innovation and public-private collaboration across Canada's digital economy.
