

Benoit HUDON Bio
President & Chief Executive Officer

Benoit HUDON is the President and Chief Executive Officer of DRAKKAR, a diversified Group of companies headquartered in Quebec, Canada. With over 25 years of experience and passion in three main sectors including aerospace, defense and ground transportation, Benoit leads the organization's vision and business growth uniting all thirteen (13) affiliates of DRAKKAR.

Over the years, Benoit cumulated executive leadership experience, having held strategic roles at internationally recognized firms such as Bombardier, Safran Group, Honeywell, and AKKA Technologies. At the helm of DRAKKAR, Benoit drives sustainable growth through focus lines of services including maintenance, logistics, manufacturing and markcom offering services to OEM and operators. Under his leadership, the organization has strengthened its footprint across Canada and the United States, expanded into new business lines via new start up and mergers & acquisitions with no intent to stop such Group evolution for the coming years.

Benoit is an alumnus of Concordia University, holding a degree in Business Administration and serves on key industry boards including the Aerospace Industries Association of Canada (AIAC), Propulsion Quebec, YPO Quebec on top of DRAKKAR's affiliates boards.

With a career shaped by building businesses, forging partnerships, and scaling operations across Canada and the U.S., Benoit believes in a **"Team of teams"** philosophy where talent, passion, and vision create long-lasting impact. From maintenance to logistics to manufacturing, DRAKKAR thrives on creating synergies that deliver value for clients and opportunities for its people.
